Sir:

The Examiner is respectfully requested to consider the references, copies enclosed, which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached Patent and Trademark Office form PTO-1449.

The references and information provided herewith are cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

In accordance with 37 C.F.R. 1.97(d) and 1.97(e), Applicants assert that each item of information contained in the Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not

more than three months prior to the filing of this Third Supplemental Information Disclosure Statement.

It is believed that no fee is due with the submission of these references. If this is incorrect, however, please charge any required fee or the fee for any extension of time required to Deposit Account No. 07-1969.

Respectfully submitted,
